Thanks a million

Office of the Attorney General told me the same thing but it seems as though no one knows where to get that footage. Do you have any knowledge of where the footage would be and who would have possession of it?. Aren't security footage and the security people that work in your building under the same jurisdiction.

Don't let it concern you if you don't have any knowledge of it.

Michael Smith

Mr. Smith, I previously responded to your request for surveillance tapes, indicating that DCOA does not maintain this information in its records. I will follow up to determine the availability of the additional information you requested.

To Deborah Royster: Freedom of Information Act Request

Accordingly you are the individual that I am requesting surveillance footage of an incident on your premises on June 24, 2013 between the hours of 8:30 am and 12:30 pm. If you have forgot, my bike rear tire was stolen on the premises of 500 K Street N.E. Washington, D.C. on June 24, 2013 between the hours of 8:30 am and up until leaving your building at 12:30 pm. If and when this footage would be available I would appreciate it forthwith also if possible.

My second, request would be under the Freedom of Information Act requesting the general services work order sheets for the maintenance or yard work done in front of your entrance to your building located at 500 K Street N.E. Washington, D.C. 20002 during the months of June, July and August of 2013.

According to D.C. Code 2531-539 which entitles anyone access to these information. All public bodies are required to disclose public records. Of course their are exceptions under the D.C. Code 2-534 which make them protective or not available.

I look forward to your answer in regards to my request. Please be crystal clear if these informations that I am requesting are under exceptions under the D.C. Code 2-534
