5. **Policy.**

5a. The Americans with Disabilities Act (ADA) allows DMH to require a medical examination of an employee that is job-related and consistent with business necessity. Each individual who is involved in direct care to consumers shall have a health screening not more than thirty (30) calendar days prior to entering on duty, and at least once every two (2) years thereafter.

5b. Post-offer direct care applicants shall be required to provide the DMH Division of Human Resources a completed Certificate of Medical Examination, Optional Form 178 (Exhibit 1). Routine health screenings for current direct care employees are limited to biennial PPD tests. The individual will also be offered a Hepatitis B vaccination. Also see Exhibit 2, Health Screening Requirements.

5c. Students involved in direct care pursuant to an affiliation agreement are required to demonstrate current PPD and Hepatitis B vaccination or Hepatitis B declination prior to entering on duty at DMH.

6. **Procedures.**

6a. **The DMH Division of Human Resources (DHR)** shall:

(1) Identify, in collaboration with managers, the direct care positions that require health screenings.

- (2) Ensure that official offer of employment specifies that the position requires a health screening as a condition of employment, as applicable.
- (3) Request that hiring supervisor complete Part B of the Optional Form 178 (Exhibit 1) at the time the vacancy announcement is developed.
- (4) Provide the Optional Form 178 to the post-offer applicant with instructions for completion.
- (5) Advise the post-offer applicant that they have the option of obtaining the health screening from their own primary physician at their own expense or to utilize the Medical Clinic at Saint Elizabeths Hospital, if available.
- (6) For post-offer applicants, ensure that each individual who will provide direct care satisfactorily completes required health screening prior to entering on duty as a condition of employment.
- (7) For current employees, provide employee biennial notice that a current PPD test is required, and a Hepatitis B vaccination will be offered. Provide a copy of the employee's biennial notice, staff compliance, and results to the supervisor.
- (8) Ensure that in-service training on health screenings is included in staff orientation.

6b. Program Managers/Supervisors shall:

- (1) Complete Part B of Optional Form 178 at the time the vacancy announcement is being developed for new hires.
- (2) Remind all direct care employees during their annual performance evaluation that they must have a health screening every two (2) years during the month of the employee's birthday, and document completion during their annual performance rating.
- (3) Initiate corrective measures for failure to satisfactorily complete required health screenings every two (2) years, in collaboration with DHR (see Section 7 below).
- (4) Authorize administrative leave not to exceed three (3) hours to allow employees to complete the required health screening.

6c. Employees/Applicants who are required to have health screenings shall:

- (1) Obtain required health screening at a private physician, or, if available, the Saint Elizabeths Hospital Medical Clinic, prior to entering on duty and every two (2) years thereafter during the month of the employee's birthday. Also see Exhibit 2 for health screening requirements and Section 7 below regarding non-compliance.
- (2) If using a private physician, provide the Optional Form 178, Certificate of Medical Examination, and the health screening requirements (Exhibit 2) to the private physician.
- (3) Return the results to the DHR for clearance as follows:
  - prior to reporting for duty (may not be more than thirty [30] calendar days prior to entering on duty), and
  - within ten (10) calendar days of your subsequent two (2) year health screening.

(4) If declining the Hepatitis B vaccination, sign the Hepatitis B declination form (attached to the health screening requirements).

7. **Corrective Measures for Failure to Complete Mandatory Health Screenings.**

7a. Offers of employment may be rescinded by the DHR if post-offer applicants do not satisfactorily complete required health screenings.

7b. Employees may be subject to removal under Chapter 16 of the District Personnel Manual if the employee fails to satisfactorily complete required mandatory health screening every two (2) years.

8. **Return to Work and Fitness for Duty Examination.** Nothing in the policy prohibits or restricts DMH's right to request medical information that is job-related and consistent with business necessity when an employee returns to work following an illness or injury or when necessary to determine an employee's fitness for duty. In the event that a supervisor has a reasonable basis to believe that health-related factors are having an adverse effect on the employee's ability to perform the essential functions of the employee's job, the matter shall be immediately referred to DHR.
